Process Color Today  
306-Paper Broadcast  
Nashville News Offset

As with all 19 previous runs in process color today's edition is being distributed to 306 newspapers, printers, and advertising agencies in Arkansas and the Shreveport area of Louisiana.

The purpose of making this large complimentary distribution is twofold: (1) To advise other newspapers and printers how we are coming along in a three-year testing of the process color operation for the smaller papers and printers; and (2) to demonstrate to the trade the reliability of results from our 8 by 10 Berkey color separator—the first purchased by an American newspaper—which we believe will offer color separation negatives at a price considerably lower than the lowest in the nation.

Louis Graves, editor and publisher, announced in today's edition that his semi-weekly Nashville News will convert permanently to the offset printing system with the edition to be printed Thursday, April 1.

Thus the Howard county-seat city joins the 50 per cent sector of Arkansas newspapers employing the offset printing system.

"Offset" was first adopted by the weeklies, but the development is quite recent. On Dec. 29, 1965, when The Star switched to offset, it was only the fourth Arkansas daily to do so. Today 20 of the state's 34 dailies, and 74 of 126 weeklies use the offset system.

Editor Graves is converting to "cold type" and offset, complete except for press work. He is composing text matter on the same type machine The Star uses, the computerized Compugraphic, he photographs the newspaper pages and makes his own press plates, then takes the plates to DeQueen Citizen and Bee for the press run.

## Against Any Appraiser From Outside

Editor The Star: I have been a subscriber to the Hope Star for a long time and along with my family we deeply appreciate each copy that is delivered to our mail box. In general I agree with your editorials but of course some I do not.

I want to take issue with the letter written by Mrs. C.W. Snowden of Hope and published in the March 24 issue in which she said, "I can say through experience that the attitude of most Hope residents toward the school system and personnel is deplorable, biased, backward and selfish." This is a strong statement.

I have been going to Hope for the past 60 years and during that period of time I have mixed and mingled with lots of Hope people. I have found them to be honest, upright and not selfish, but of course, you will sometimes find a rotten apple in the barrel.

With reference to the letter written by Wm. E. Tarpley and published in the March 26 issue of the Star, I want to congratulate you on your article, you just simply told it like it is.

It is my thinking that the people, the taxpayers of Hempstead County, are not willing and ready to turn over our tax program to some outside "experts" to tell us how to assess our property. I think this should be done through the regular channels, the tax assessor and the property owner as prescribed by law.

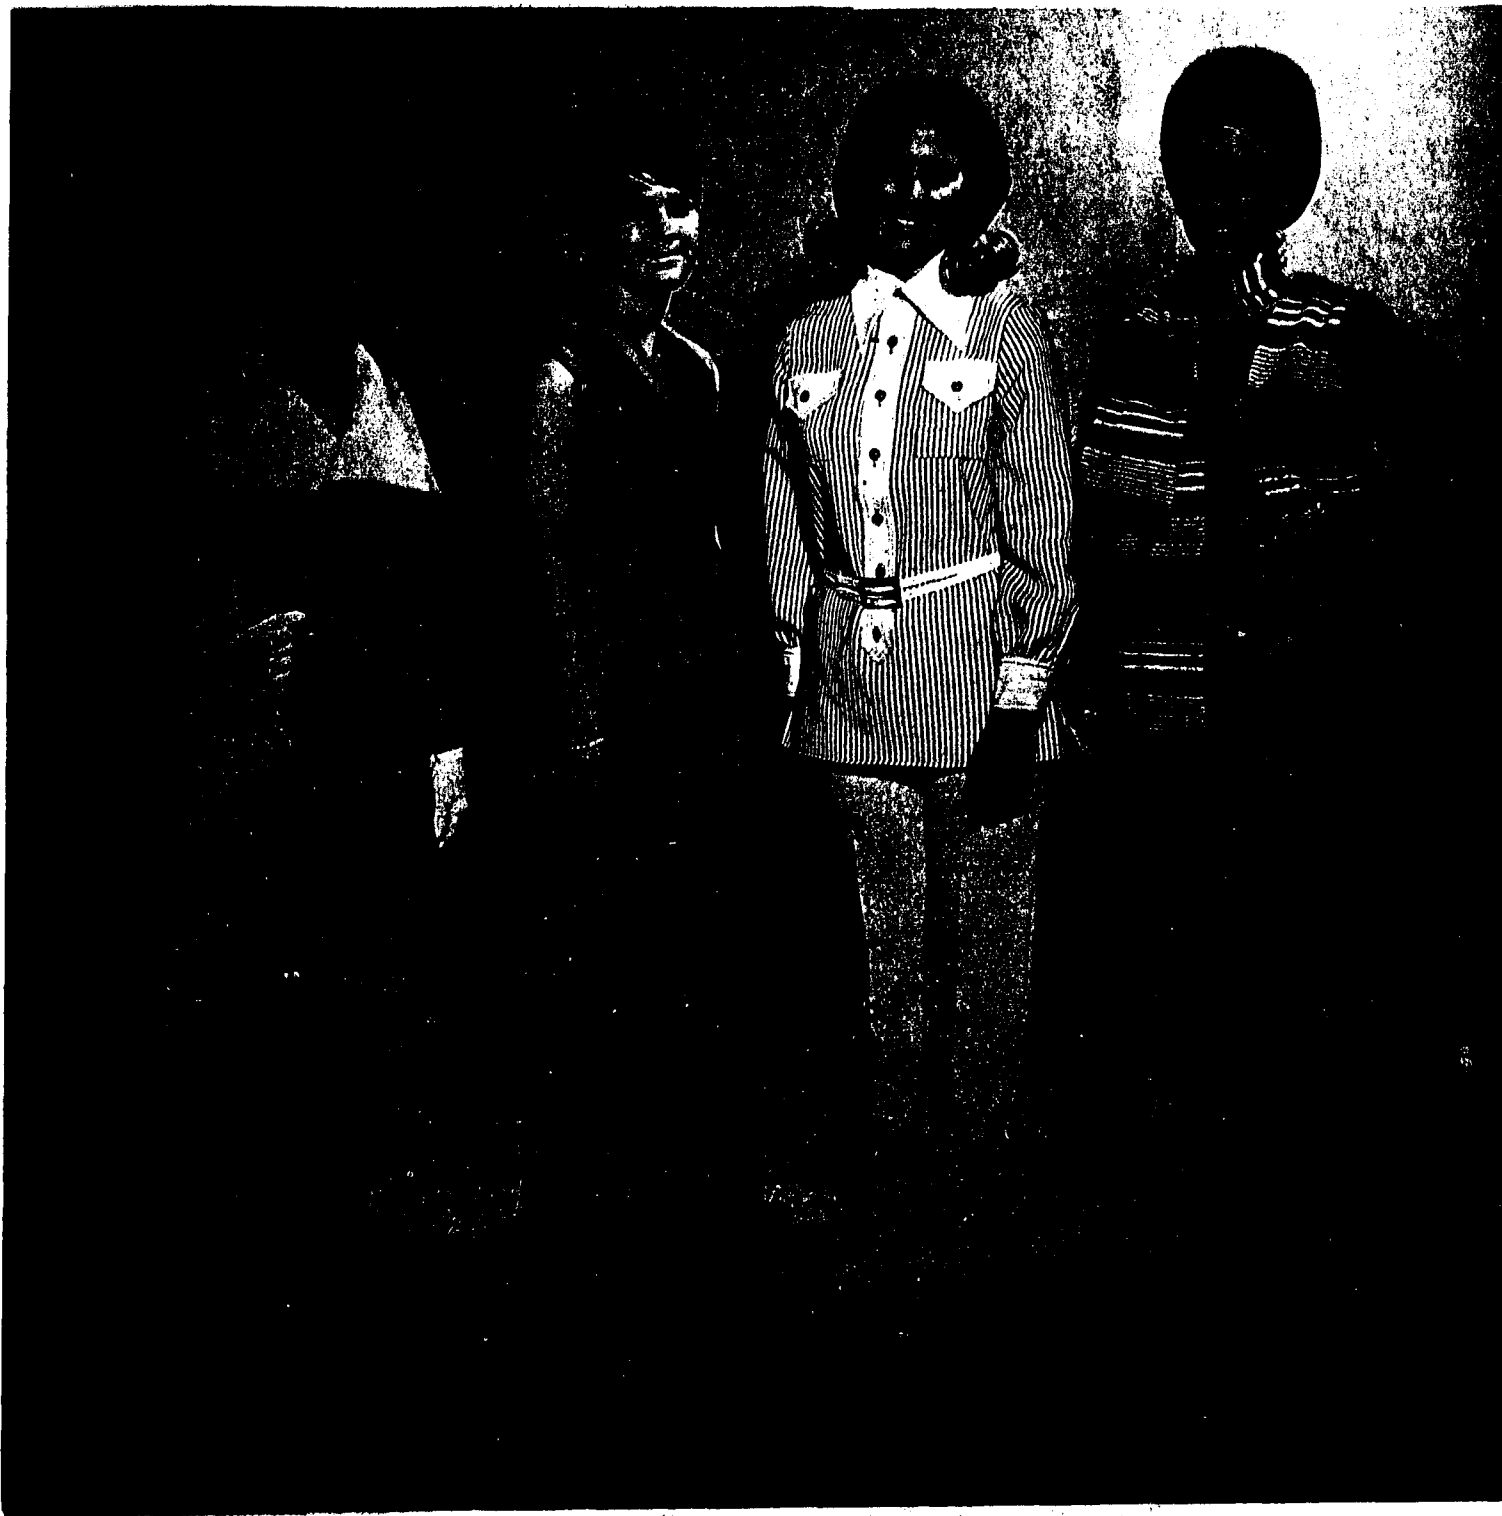

With kind and warm personal regards to you and each member of your staff. Sincerely,

LESTER WADE

LITTLE ROCK (AP)—A bill that would repeal the method by which cars are licensed the year around on a staggered basis was vetoed Monday by Gov. Dale Bumpers.

## Hope Models in Salute to Spring Fashion

Left to right: Mrs. Jim James, Sandra Stevenson, Margie Royston and Sandy Sinyard.

Representing Lewis-McLarty, Inc., Mrs. Jim James is modeling a Justin McCarty custom tailored dress in 100 per cent dacron polyester, with the new wide white collar. Notice the detailed buttons down the side and the high waistline in lovely new shade Scamp. She is also carrying an all occasion coat, designed by Brand and Purity in lovely spring color of Rondo checks. The fabric is 100 per cent acrylic.

Sandra Stevenson is wearing a washable sleeveless polyester double knit pant suit from J. C. Penney Company. Sandy is 1970-71 FFA Sweetheart of Hope High School.

Hope's own Margie Royston and Arkansas' "Miss Congeniality", chose to wear a simply elegant two piece double woven polyester pants ensemble, white pants-red and white candy stripe jacketbelled, from the Howard Wolf collection for the Ladies Specialty Shop.

Sandy Sinyard represents West's Department Store in a dress made of dacron polyester fabrics from Loom Treasure, in solids, stripes and a pleated skirt.

## Correction Board Bows to Pressure and Fires Head of Prison System

By BILL SIMMONS  
Associated Press Writer  
LITTLE ROCK (AP) — The state Board of Correction, bowing to legislative pressure, voted 3-1 late Monday night to fire C. Robert Sarver, 40, from the correction commissioner post he had held since Nov. 15, 1968.

John Haley of Little Rock, Board chairman, said "legislative intransigence was the dominant factor" rather than professional deficiencies on Sarver's part.

"We are all in Mr. Sarver's debt for all he's done," Haley said.

Earlier Monday, Sarver had said that the issue at stake was "good government—whether the General Assembly will dictate to the governor's office and the Department of Corrections."

He had less to say Monday night, but he noted, "I stood by that statement, and I'm gone."

The board named Bill Steed, superintendent of Cummins Prison Farm, as interim commissioner and director of the department after assuring him that the board would find a permanent successor as soon as possible.

Steed, who admitted reluctance to accepting the role of acting director, told Haley, "I don't want the job, but I want to try to hold it (the Correction Department effort) together."

The board, in a special called

meeting, met for two hours and 25 minutes in executive session in the conference room of the department's offices in the state Capitol.

Sarver was with the board during the first hour and 55 minutes of the meeting. At the request of Gov. Dale Bumpers, the board asked him to resign, but, as he had forewarned earlier Monday, Sarver refused, then went to his office next door.

The board met for 30 minutes more in closed session, then opened the meeting to newsmen.

Lynn Wade of Fayetteville, who had been sworn in as Bumpers' first appointee on the board just three hours before the meeting began, made the motion to terminate Sarver's employment immediately.

Voting for the motion were Wade, son and law partner of a former state senator, and board members Marshall Rush of Pine Bluff and W. L. Currie of Osceola, the only Negro on the board. Dr. Bill Lytle of Clarksville voted against the motion.

Haley, as chairman, did not vote, but he later told newsmen that had he been required to vote he would have cast his with the majority.

Rush, Currie, Lytle and Haley were appointed to the board by former Gov. Winthrop Rockefeller, a Republican defeated in the Nov. 3 general election last year by Bumpers.

—Ektachrome by Clyde Davis  
This is the 20th four-color production made entirely in The Star Building except for processing of Clyde Davis' hand-camera film, processed in Dallas.

But what makes today's picture something special is a switch in color masking material. Today's production was made with Silver Mask film in the darkroom, discarding the Tri-Mask film formerly used. Both films are Eastman products.

For Silver Mask film, the big Berkey color separator had to be recalibrated from the original exposure settings. This was done by Wick McCaleb, technician-salesman from the Eastman regional office in Dallas; and Garland Bosley, co-owner of Jungkind Photographic, our Little Rock photo supplier.

After calibrating the machine the two men then made the four film separation negatives which were exposed onto the plates for the press.

Later on Mr. Bosley made the mask for our 21st production, and he and your editor will make the separations for the 21st full-color production.

After that, if these two trial runs with Silver Mask film are successful, the editor will resume operating the Berkey separator, eventually turning the operation over to our top mechanical men.

If things work out we should introduce an auxiliary service at The Star—the manufacture of color separations for other newspapers and printers at the lowest prices in the nation.

## Temperatures in Arkansas on Way Up

By THE ASSOCIATED PRESS  
Temperatures in Arkansas are on the way up.

A high pressure center, located over Eastern Texas this morning, was expected to move eastward today bringing about southwesterly winds and a warming trend.

Warmer temperatures are also expected tonight and Wednesday.

Highs today were forecast in the upper 60s to low 70s with highs Wednesday possibly reaching the low 80s in some sections.

Lows this morning were in the 20s and 30s north and mid 30s to low 40s south. Lows tonight should be mostly in 40s.

No precipitation was reported in the state Monday and none is expected until at least Thursday.

## Escapee Is Apprehended

TUCKER INTERMEDIATE REFORMATORY, Ark. (AP)—Officials said that William W. Decker, 27, of Little Rock was apprehended near Tucker Prison Monday afternoon. He had escaped earlier in the day.

Decker was serving four years from Pulaski County for robbery.

## Arkansas Dies in Missouri

WEST PLAINS, Mo. (AP)—Mrs. Lena White, 79, of Salem, Ark., was killed Monday in a two-car accident on U.S. 160 about 12 miles southwest of West Plains.

## Negro Officer Reinstated by Board

LITTLE ROCK (AP)—Alfred E. Ellis, a Negro patrolman who was discharged by Little Rock Police Chief Gale Weeks for allegedly failing to perform his duties in helping disperse a crowd at Robinson Auditorium the night of Feb. 19, was reinstated Monday by the Civil Service Commission.

Ellis had denied the charges and contended during Civil Service hearings that officers had used excessive force in making arrests. He said he reported the incidents involving alleged excessive force to his superiors.

GURDON, Ark. (AP)—John O. Calloway, 28, of Camden was killed Monday night when the truck he was driving collided with a Missouri Pacific freight train at a crossing on U.S. 67 near Gurdon.

## Death for Manson, His Three Women

By LINDA DEUTSCH  
Associated Press Writer  
LOS ANGELES (AP) — One of the jurors who decreed the death penalty for Charles Manson and his three women codefendants in the Tate-LaBianca murders says, "I wanted to protect society." A prosecuting attorney says the verdict "reflects community feelings." A defense attorney says it doesn't help anything.

Their comments came late Monday after the jury's decision brought to an end the nine-month-long trial of Manson, 36; Patricia Krenwinkel, 23; Leslie Van Houten, 21, and Susan Atkins, 22.

The same seven-man, five-women jury that convicted them of first degree murder and conspiracy last Jan. 25 chose the gas chamber penalty over the only alternative, life imprisonment.

Judge Charles Older has the power to reduce the death penalty to life imprisonment when he formally sentences the four April 19. Death sentences are automatically appealed to the state Supreme Court, and Deputy Dist. Atty. Vincent Bugliosi says he thinks the case will go to the U.S. Supreme Court.

## Calley Guilty, to Get Life or Death

By HARRY F. ROSENTHAL  
Associated Press Writer  
FT. BENNING, Ga. (AP) — Shaken by a verdict he didn't expect, Lt. William L. Calley Jr. returns to the courtroom today for a life-or-death sentence that can be tempered only by a long string of reviewing authorities.

After his conviction Monday of murdering 22 civilians at the South Vietnamese hamlet of My Lai, Calley spent the night in the stockade—his first time in confinement since he was charged 1½ years ago.

He is the first American accused in the massacre; the first to be convicted.

"The thing that makes My Lai so unique, it was a small tragedy in a small place," he said in an interview with The Associated Press. "For once, man was able to see all the hells of war at once."

In court this afternoon, Calley's 70-year-old lawyer pleads with the jury to spare the 27-year-old bachelor lieutenant's life. The lawyer, George Latimer of Salt Lake City, earlier had called Calley a pigeon, "the lowest officer on the totem pole."

FT. BENNING, Ga. (AP) — Head high, soldierly correct, but shaken by a verdict he didn't expect, Lt. William L. Calley returns to the courtroom today for a life-or-death sentence that can be tempered only by a long string of reviewing authorities.

LOS ANGELES (AP) — Charles Manson and three women co-defendants have been sentenced to die in the gas chamber. They have been found guilty of the seven Tate-LaBianca murders. Appeals are automatic.

SAIGON (AP) — Four American jet fighter-bombers streaked across the Ben Hai River today and attacked North Vietnamese artillery batteries in the northern half of the demilitarized zone, the U.S. Command said.

The four planes returned safely, the command said, but it gave no indication if they hit the enemy guns.

The first indication that the U.S. Command was planning a strike north of the river separating North and South Vietnam came last week when the Pentagon reported that the North Vietnamese had moved field artillery pieces into the six-mile-wide buffer zone.

American field commanders just below the DMZ said about a dozen 122mm guns had been positioned several weeks before, apparently in response to the U.S. and South Vietnamese buildup just below the zone concurrent with the drive into Laos.

The commanders said the guns had not been fired against targets in the South and probably would not be since the threat of a South Vietnamese drive north appeared to have diminished. But they said the guns had a 13-mile range, were in the central sector of the zone and could hit any of several U.S. and South Vietnamese fire bases in the old McNamara Line below the DMZ.

A communique said 225 enemy soldiers were killed in a five-hour battle. Field reports said more than 50 government troops were killed and 130 wounded.

The communique said the fighting began shortly before midnight Sunday when enemy troops pounded an armored cavalry command post and infantry battalion south of Route 7 with about 100 heavy mortars.

Immunization Should Start Right Now

Supt. James H. Jones advises parents who will have students entering school next September to start the child's immunization soon as possible in order that completion is by June 1. Doctors and County Health Nurse will not give shots in hot weather.

The child has to have a successful smallpox vaccination, diphtheria-Tetanus-Pertussis, polio vaccine and Measles, Rubella (red). No child will be admitted to school in September unless these requirements are met.

It is necessary that all children entering first grade in September have a certified birth certificate from the state in which he was born. A hospital birth certificate is not acceptable.

Children born in Arkansas will need to send \$2 to Arkansas State Department of Health in Little Rock, 72201 and a birth certificate will be mailed to them.

# Rails Want \$600 Million From U.S.

By H. L. SCHWARTZ III  
Associated Press Writer

WASHINGTON (AP) — The nation's railroads asked Congress today for \$600 million a year to avoid full-scale government takeover and put them on equal profit footing with other modes of transportation.

"The country is at a crossroads with its railroads," said George Smathers, a former Florida senator who now is a counsel to the Association of American Railroads.

"If nothing is done to restore the industry's financial viability, service will deteriorate further, earnings will decline even more, additional railroads will be forced into bankruptcy," Smathers said.

"Government takeover," he added, "would then be the only solution, since the country must have rail service."

He estimated cost of nationalization at from \$27 billion to \$60 billion or nearly double the projected costs of the ambitious industry proposal to save itself with government help.

Smathers, in testimony prepared for hearing of the Senate surface transportation subcommittee, said nationalization has failed to reverse huge rail deficits in France, West Germany and Japan.

Today's session marked the start of a lengthy inquiry into the railroads' mounting problems—a probe subcommittee Chairman Vance Hartke, D-Ind., says eventually should take a searching look at the failure of the Penn Central, the nation's largest rail carrier.

Smathers presented a report by America's Sound Transportation Review Organization—ASTRO. The industry study calls for government-industry expenditures of \$36 billion over the next 11 years and drastic overhaul of federal regulations.

Smathers noted four railroads serving half the country's population already are in reorganization.

Another 18 of the country's 71 major railroads are in trouble and 21 operated in the red last year, he said.

"There are two root causes of this financial crisis—an outdated regulatory system geared to a transportation monopoly that hasn't existed for decades and government spending policies that have treated other modes more favorably than railroads," Smathers said.

## Congress to Offer Own Economy Plan

By PEGGY SIMPSON  
Associated Press Writer  
WASHINGTON (AP) — Sixty pounds lighter with a weak right leg and a fouled-up stomach, Rep. John Dowdy has returned to Congress after a seven-month absence.

He resumed his seat Monday, almost a year after being indicted on charges of perjury and accepting a \$25,000 bribe to defray federal investigation of a home-repair firm. At the time of the alleged crimes, he was chairman of a subcommittee looking into urban renewal practices in the District of Columbia in the early 1960s.

There was no fanfare as Dowdy took a seat six rows back from the well of the House chamber. Member after member came by to shake his hand.

Most moved on. But some of the Texans, such as Rep. Olin Teague sat and chatted awhile.

"I didn't notice any restraint. There was no embarrassment by anyone. Several people mentioned he'd lost weight," said another Texan, Rep. Richard White, an El Paso Democrat among the hand-shakers.

Dowdy, a Democrat from East Texas, said later only one or two persons asked about his trial set for May 3 in Baltimore.

"Those who know me know it stems out of the work our committee did," Dowdy said.

Shortly before his trial was scheduled last fall, Dowdy became ill in Texas and subsequently had a back operation to correct an injury plaguing him since he was 15. He later got pneumonia and antibiotics given him to counteract it nearly destroyed his digestive system. He lost 35 pounds in as many days. And now, he said, he has neither energy nor appetite.

When reporters called Dowdy off the House floor Monday, he walked laboriously and sank quickly into a cushioned couch in the cloakroom.

A court-assigned physician says Dowdy is able to stand trial; Dowdy's doctor says he cannot.

# Cabinet-level Salaries Are Approved

By ROBERT SHAW  
Associated Press Writer  
LITTLE ROCK (AP) — The Arkansas House refused Gov. Dale Bumpers' request for an increase in tuition at the state-supported colleges and universities Monday but voted to give Bumpers the salaries he wanted for eight cabinet-level positions under the new governmental reorganization.

The House also approved a bill endorsed by the governor to provide state aid to start public kindergarten programs, but rejected a measure — also backed by Bumpers — that would have admitted osteopaths to the full practice of medicine and surgery in the state under certain conditions.

Meanwhile, the Senate voted to remove from an election bill a provision that would have guaranteed the American Party in Arkansas a position on the 1972 general election ballot. Without the provision, the party must circulate petitions to obtain signatures totalling 7 per cent of the votes cast in the governor's race in 1970 in order to maintain its legal status.

U.S. Rep. Wilbur D. Mills, D-Ark., rumored to be interested in being a candidate for president in 1972, reportedly desired that the provision be deleted.

The Senate also completed legislative action on a proposed constitutional amendment providing four-year terms and higher salaries for constitutional officers.

The bill to raise tuition by \$50 a semester was defeated on a 41-43 vote, but was kept alive on notice of reconsideration given by Rep. W. R. Nicholson of Osceola.

Proponents of the legislation observed that tuition had not been increased in several years although the cost of operating the schools had risen. Rep. John Pledge of Little Rock said the measure would yield about \$6 million a year to help ease financial problems faced by the institutions.

Opponents claimed, however, that the measure would be detrimental to poor students and those who are working their way through school. "We've got a lot of boys and girls still willing to work to go to school," said Rep. Gean McDonald of Sheridan. "These are the boys and girls the bill is going to hurt."

Rep. J. K. Mahony II of El Dorado, opposing the bill, said the college presidents were asking the legislature to make a decision on a matter they should decide for themselves. He said he was "tired of everybody putting the bee on us."

The House decided last Friday to cut the recommended salaries of 12 of the directors of the 13 principal departments created by Bumpers' reorganization plan. Rep. Cecil Alexander, who had persuaded the House to reduce the salaries, sponsored an amendment Monday restoring the salaries of eight of the 12 to the level sought by Bumpers.

Alexander said he had conferred with Bumpers Monday morning and that the governor had told him the salaries of the eight were critical to the reorganization.

The House approved Alexander's amendment 64-0 and then passed the bill 75-1. The eight directors' salaries as approved by the House Friday and then changed Monday were Social and Rehabilitative Services and Finance and Administration \$22,000 and \$25,000, Commerce \$18,500 and \$20,000, Education \$19,000 and \$22,000, Correction \$18,000 and \$22,500, Planning \$15,000 and \$25,000, Industrial Development \$17,000 and \$25,000 and Parks and Tourism \$13,500 and \$20,000.

The House approved 68-15 the bill by Rep. Hugh Kincaid of Fayetteville that would appropriate \$500,000 in each of the next two fiscal years to help school districts begin public kindergarten programs.

The money would be made available on a matching basis. Opponents said only the richer school districts would be financially able to participate.

Rep. Bill Stancil of Fort Smith said, "We can't afford kindergartens." Rep. Julian Streett of Camden said that diverting school funds to kindergartens would "dilute the effort" to improve the schools.

Rep. Calvin Ledbetter Jr. of Little Rock said the dividend of the bill would be reduction in school dropouts and in welfare

## HOPE (ARK.) STAR, Printed by Offset

rolls. Kincaid said that last year 3,000 first graders who flunked would have been promoted if they had undergone kindergarten preparedness.

The osteopath bill, by Rep. Jesse Hayes of Pocahontas, failed on a 49-29 vote, with 51 votes needed for approval. The measure remained alive, however, when Rep. J. B. Smith of Marianna gave notice that he might seek reconsideration.

The bill, opposed by the Arkansas Medical Society, would authorize the licensing of osteopaths to the full practice of medicine if they had served a one-year internship in the last five years in a hospital approved by the American Osteopathic Association or the American Medical Association and had completed at least one year of postgraduate training in an AMA or AOA hospital.

Opponents of the bill said they preferred a proposal that has passed the Senate and is pending in the House that would require osteopaths to have served one-year internship or residency in an AMA hospital. Internship in an AOA hospital would not be sufficient.

Streett said the provisions in Hayes' bill would assure that the osteopaths who practice in Arkansas were competent. Osteopaths were not properly trained years ago, he said, but in the last few years AOA hospital standards have been high. Supporters observed that 47 other states admitted osteopaths to full practice of medicine.

They also argued that the measure would help relieve the doctor shortage in the state's rural areas.

The provision rejected by the Senate that would have automatically given the American

party legal status in the 1972 general election was added to the election bill by House adoption of an amendment by Rep. Frank Henslee of Pine Bluff. The bill changes the party primary runoff date to the second Tuesday of July with the first primary runoff date to the second Tuesday of July with the first primary coming two weeks earlier. The runoff had been the second Tuesday of September with the runoff two weeks prior.

Henslee's amendment would have recognized the American party for a ballot position in 1972 because it ran a candidate for governor in 1971. To remain a legal party after 1972, it would have to have had a candidate who received 7 per cent of the votes cast.

The Senate had concurred in Henslee's amendment last Thursday and sent the bill to the governor's office. But the

Senate recalled the measure on the motion of Sen. Ben Allen of Little Rock.

Opposing the move to remove Henslee's amendment, Sen. Morrell Gathright of Pine Bluff said: "Of all the petty partisan bills, this one takes the cake because what it does is outlaw a party that is already in existence."

He observed that the party's 1968 candidate for president, George C. Wallace, carried Arkansas but predicted that "this party will fall on its face within the next couple of years."

The Senate, on a voice vote, concurred in a House amendment to the proposed constitutional amendment increasing the terms and salaries of constitutional officers. The House change deleted four-year terms for county officers.

Among the salary changes in proposal, which will be submitted to the electorate in the 1972

Tuesday, March 30, 1971 election, is an increase from \$10,000 to \$25,000 annually for governor.

The House amended a bill raising the maximum workmen's compensation benefits from \$49 to \$56 a week, but then failed to pass the bill on a vote of 59-28, with 67 votes needed. Nicholson gave notice of reconsideration.

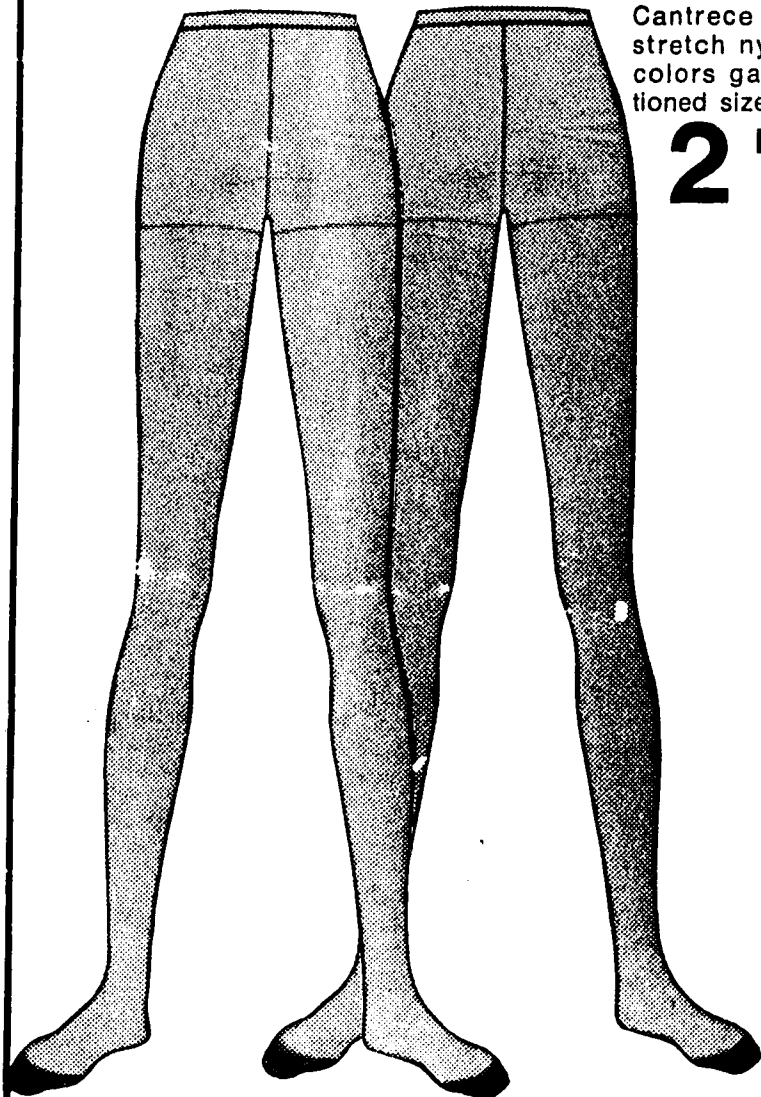

The representatives had approved the measure last week, but expunged the vote Monday in order to amend it. Adopted was an amendment by Rep. John Miller of Melbourne that deleted a provision that would have increased the maximum benefit to \$63 within a year.

The Senate tabled—and killed—a House bill that would have required churches to pay income tax on income received from nonreligious activities and property tax on property used for nonreligious purposes.

## HELEN HELP US!

by Helen Bottel

### YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teen-age questions to Youth Asked For It, care of Helen Help Us! this newspaper. **TEASING TEACHER TURNS HER OFF**

Dear Helen:

My math teacher!

Just because my boy friend and I were walking down the hall holding hands, she now teases him and calls him "lover boy."

Now he won't hold my hand because of her. How can I tell her to mind her own business and leave my guy alone.—A COLD HAND

Dear C.H.:

I doubt you can change the cutie-pie approach in a teacher, but you can change your boy friend's attitude toward it. Teach him to laugh off teasing and he should be forever grateful.—H.

Dear Helen:

I've been going with this fella for 12 weeks, and he's only kissed me once; and then I walked off, not because I was against it, but because he embarrassed me in front of everybody. So he thinks I don't want him to kiss me.

But I do! I hate to just walk up and say, "Kiss me," so how can I get it across that a girl wants a good-night kiss, but only when she and a boy are along together?

Please write your answer in simple words so I'll know exactly what to do.—NEEDS A KISS

Dear NAK:

Three simple words: Kiss him first.

A light brush on the cheek as you thank him for a nice evening should speak louder than words.—H.

Dear Helen:

My boy friend and I have been going together for two years. He respects me and knows I'm not the type for pre-marital sex. At barely 16, I'm not ready, though I love him, I think. He is! Ready, I mean.

So he thinks nothing of picking up a "road runner" on the nights he doesn't see me. He says this is practical, and not untrue to me, because he doesn't care about these other girls and they don't

care about him.

Somewhat I think even a "freesty" has feelings and maybe they really fall for these guys that use them.

Or maybe he's just "using" me as someone he can show off to his friends but he really prefers the other girls.

I'm confused, Helen. To keep him, must I give in to him against my will: To tell the truth, he's never asked me.—UNDECIDED

Dear Un:

It's chancy, dating a boy who thinks "pure girls" are for pedestals, and "bad girls" for fun, because: 1. He doesn't see females as people but only things to be used (one way or another). 2. He may "pick up" more than he expects, and transmit it to others, and 3. His double standard ideas of "good girl" vs. "good-time girl" might make him a poor husband and lousy lover.

You won't keep him by giving in to him, as he'd soon consider you a road runner too and start looking for a new Miss Untouchable.

My question: Do you really want this junior male chauvinist?—H.

## Not Enough to Examine All Food

By G.C. THELEN Jr.

Associated Press Writer

WASHINGTON (AP)—Government food inspectors say there just aren't enough of them to go around so dangerous contamination continues to turn up occasionally in the nation's food supply.

Lubricating oil in soda pop, pesticide in cheese and noodles, metal fragments and coffee

whitener and pieces of glass in cereal are among the more dramatic instances of additives showing up over the past six months in recalled products as reported by the Food and Drug Administration.

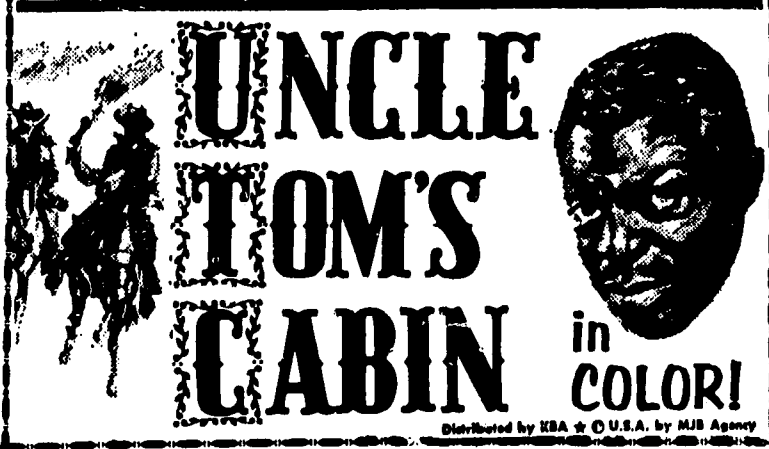

The vast majority of foods are, of course, free of such contaminants. But the recalled items illustrate the continuing sanitation problems in the processed food industry.

The regularity of contamination in portions of the industry, frozen onion rings, for example, have led to a selective stiffening of FDA enforcement.

As a result, an official said, the government is instituting industry-wide, voluntary guidelines that each producer must follow. The guidelines replace so-called voluntary compliance where each plant was responsible for setting and watching over its own sanitation standards.

# Hope Star SPORTS

## Several High School Sports Events Slated

By BILL MOORE  
Star Sports Writer

Tonight, beginning at six o'clock, the Hope High School track team will compete in the Henderson State College Track meet.

Coming off of the Leopard Relays at DeQueen Saturday, the HHS tracksters should do well in the meet, competing against Arkadelphia, Malvern and other schools, including one from Little Rock.

Hope will have both the 440 and 880 relay teams ready, along with expected good showings in the broad jump, hurdles, shot, and discus.

Turning to Golf now, the HHS golfers will host Arkadelphia's varsity team on April 6, and will be trying to beat the Badgers a third time in a row.

Arkadelphia is led by returning lettermen Bill Lewis and Scott Thomas. Hope has already whipped Fordyce while losing to Camden.

HHS now has a baseball team, with the first practice held yesterday.

About 30 boys are out for the team, with the first game scheduled for April 16, against Gurdon. Hopefully, there will be more games added to the schedule, before the district tournament.

If you haven't bought your ticket for the charity basketball game Friday night, sponsored by the Hope High School Key Club, you can buy one from any Key Clubber or get one at the door Friday night.

During the first half, the women's independent team will play the Keel Dirty Dribblers, with the best of the Key Club

challenging the Dirty Dribblers during the second half.

All proceeds go to the Wichita State Football fund, and the game promises to be very exciting.

## Condors Say Porter Under Contract

By D. BYRON YAKE  
Associated Press Sports Writer

PITTSBURGH (AP) — The Pittsburgh Condors of the American Basketball Association say Howard Porter is under contract to them.

Porter's agent, Max Shapiro, says he is negotiating with the Chicago Bulls of the rival National Basketball Association for the Villanova star's services.

The 6-foot-8 Porter, voted the Most Valuable Player in the NCAA tournament, in which Villanova finished second, has not commented on the reports. The Condors don't know where he is.

Operations Director Mark Binstein of the Condors said Monday at a news conference that Porter's contract was acquired from the ABA. He would not say when it was signed.

Binstein said Porter will receive a multi-year pact calling for "far, far in excess of what any other" player ever got from the Pittsburgh franchise.

Binstein says Porter's contract is for less than \$1 million. The signing of Porter has been tinged with mystery. On Jan. 27, Bill Brill, sports editor of the Roanoke, Va., Times reported that he had seen a contract signed by Porter and ABA Commissioner Jack Dolph in Dolph's briefcase in Greensboro, S.C. The contract reportedly was dated Dec.

## Buckeyes May End Reign of UCLA

By TED MEIER  
Associated Press Sports Writer

NEW YORK (AP) — The Ohio State Buckeyes could become a team of destiny next season and end UCLA's long reign as national collegiate basketball champion.

The Buckeyes of the Big Ten pose a distinct threat to the Coach Johnny Wooden's Bruins, who won their fifth straight national title last Saturday.

UCLA beat Villanova 68-62 in the final of the NCAA tournament before 31,765 in the Astrodome at Houston. Wooden says the Bruins "will have a pretty decent club" in 1972 despite the loss of Sidney Wicks, Curtis Rowe and Steve Patterson.

Nevertheless, the manner in which the sophomore-laden Buckeyes came on strong late in the season to win the Big Ten and snap Marquette's 39-game winning streak 60-59 in the NCAA second round stamps them as a team that could go all the way.

Back for Coach Fred Taylor's Scarlet and Gray crew will be Alan Hornyak, Luke Witte, Mark Minor, Bob Siekmann and Dave Merchant, who gained vital experience in their upset of Marquette and near-upset of Western Kentucky in the NCAA quarter-finals.

The Hilltoppers had to come from behind to beat the Buckeyes 81-73 in overtime.

High scoring George McGinnis will be back for Indiana as will Henry Wilmore for Michigan, but the Hoosiers

Brill said the contract called for \$350,000 for three years.

The announcement of Porter's signing Monday coincided with the NBA draft in which he was tabbed by the Bulls.

Porter, who scored 25 points in the NCAA championship game with UCLA, averaged 24.4 points a game and 15.1 rebounds for Villanova this season.

HOPE (ARK.) STAR, Printed by Offset

and Wolverines figure to again finish behind Ohio State in the Big Ten.

Adolph Rupp, the veteran Kentucky coach whose ambition is to win another NCAA title, likely will have another strong team in the Southeastern Conference with Tom Payne and Tom Parker available.

Other teams likely to be high in the 1972 rankings include North Carolina, which routed Georgia Tech 84-66 in the final of the National Invitation Tournament in New York, Hawaii, Penn, Southern California, Marquette and possibly Maryland with highly touted 6-foot-11 Tom McMillen up from the frosh team.

UCLA now has won the national title seven times in the last eight years, missing only in 1966 when the Bruins finished second to Oregon State in the Pacific-8.

During this span the Bruins compiled an amazing won-lost record of 221-15 for a percentage of .936. Of their last 154 games the Bruins have won 149 and lost a mere five, two to Southern Cal, for .968.

## Jones Just Couldn't Pour in Enough

MEMPHIS, Tenn. (AP) — Steve Jones poured in a club record 51 points but it just wasn't enough as the Kentucky Colonels held on to beat Jones and the Memphis Pros 109-107 in Monday's only American Basketball Association action.

The lead changed hands 27 times before Kentucky built a 10-point edge late in the game.

The Pros closed the margin to 109-106 with 34 seconds left, and Jones narrowed it further with a foul shot with 12 seconds remaining.

Kentucky brought the ball back in and, with three seconds left, referee Ed Middleton whistled a 10-second back court violation against the Colonels.

However, the other official, John Vanek, overruled Middleton and gave Kentucky one more second to get the ball across mid-court. The pass went the length of the court and the time expired for the Colonel victory.

## Pro Cage War Becomes More Heated

By MIKE RECHT  
Associated Press Sports Writer

NEW YORK (AP) — The pro basketball war within one league and between both of them heated up Monday as National Basketball Association teams finally found out for whom they are fighting.

The battle within the NBA for Spencer Haywood flamed anew as Buffalo this time challenged Seattle's right to the superstar after the SuperSonics signed him in defiance of NBA by-laws which prohibit the signing of a player whose college class has not graduated.

Buffalo's promised action came after Cleveland opened the NBA college draft with a choosing Notre Dame's Austin Carr. Portland followed by selecting Sidney Wicks of UCLA and Buffalo chose Elmore Smith of Kentucky State.

Haywood, the controversial 6-foot-8 forward whose class will not graduate until June, was picked by Buffalo on the second round despite an out of court settlement Friday in which the NBA allowed Seattle to keep Haywood and fined the club \$200,000.

The Braves had asked U.S. district court judge Warren Ferguson in Los Angeles if the Braves could select him. The judge, who earlier had ruled that Seattle could keep Haywood, said he could not make such a decision and that was good enough for the Braves. "We thought the judge's decision was favorable," said General Manager Eddie Donovan of the Braves. "He didn't say we couldn't sign him."

In Seattle, General Manager Bob Houbregs of the Sonics wasted little time answering a question if he would consider selling Haywood to Buffalo: "Not at all—no way."

Haywood, who signed with Denver of the rival American Basketball Association, two years ago after his sophomore year at Detroit University, jumped the ABA club in a contract dispute for Seattle in January.

While the Haywood situation became more muddled, the draft, conducted more than two months after the ABA draft, did fortify NBA teams the knowledge of which players they are trying to sign. In the past two months, the league has had to negotiate for them.

Cleveland, however, had immediate assurances that Carr would sign with the Cavaliers, who took the high scoring 6-foot-3 All-American instead of the expected big man such as Wicks.

Explaining the selection Coach Bill Fitch of the Cavaliers, who won only 15 games this season, called him "the best available player in the country. He stayed at the top of the guard list while the forwards and centers fluctuated over the season. We felt we had to save someone of superstar status."

Cleveland will battle Virginia of the ABA for Carr while Portland opposes Texas in the struggle for the 6-8 All-American Wicks and Buffalo battles Carolina for the 7-0 Smith, who helped Kentucky State to the NAIA title.

However, the ABA must have seen the handwriting on the wall during its draft when Wicks was left until the second round and Carr until the third round. Smith was a first round pick.

However, the same held true in reverse for the NBA, which waited until the 32nd pick before Seattle chose 7-0 All-American Jim McDaniels of Western Kentucky, already thought to be headed for the ABA.

The NBA also lost 7-2 Artis Gilmore of Jacksonville, who might well have been Cleveland's first pick had he been available, and Villanova's How-

## The 'Dirty Dribblers' Coming Here

The KEEL "Dirty Dribblers" come to Hope Friday night, April 2 at 8:00 p.m. in Jones field House. Led by discjockey Larry Ryan and Mr. Weather, the "Dirty Dribblers" will face the Women's Independent All Stars in the first half and will do battle with the Hope High School Key Club in the second half.

The "Dirty Dribblers" have raised thousands of dollars for charity in the past two years. All money from this game will go to the Wichita State U.-Marshall U. Fund. These two universities were struck by the catastrophe of planes that crashed killing more than half of their football teams last autumn. This money will go to help rebuild their athletic programs which were virtually destroyed at both universities.

Advanced tickets are now on sale and can be purchased from any Hope High Key Clubber. Tickets will be sold at the door. Students for fifty cents and adults for one dollar. This benefit basketball game has been coordinated and is sponsored by the Hope High School Key Club in cooperation with Hope High School and the Hope Kiwanis Club.

ard Porter. Both have signed with the ABA, although Chicago chose Gilmore on the seventh round and Porter on the second round, just in case something should happen.

The NBA warned earlier by Kennedy, did forsake any sophomores or juniors according to league rules. The ABA had selected three underclassmen and signed sophomore Johnny Neumann of Mississippi, flaunting its own rules.

## Fate of Two Players Undecided

By HERSCHEL NISSENSON  
Associated Press Sports Writer

The baseball careers of veteran pitcher Jim Lonborg and outfielder Mike Hershberger remained up in the air today following contrasting performances while that of young Terry Crowley took a decided turn for the worse.

Lonborg, who hasn't been the same since a skiing accident following Boston's 1967 pennant, pitched five unimpressive innings in an 11-4 exhibition rout of Houston, with Don Pavletich hitting two home runs. The tall right-hander yielded three runs, six hits, walked three and threw two wild pitches.

"I want to do what is best for him and the club," said Manager Eddie Kasko. "I have a couple of deals pending, but if nothing happens I would be inclined to leave him here."

Hershberger, dropped by Milwaukee and trying to catch back on with his old club, the Chicago White Sox, delivered a game-winning single in the ninth inning for a 7-6 victory over Pittsburgh. The Sox trailed 5-0 but unloaded on Steve Blass for six runs in the sixth inning, featuring homers by Mike Andrews and Walt Williams.

Crowley, a 24-year-old outfielder-first baseman, won a berth with the world champion-to-be Baltimore Orioles last spring and hit .257, including almost a dozen winning or game-trying hits. It's been a different story this spring. Bothered by a pulled leg muscle, Crowley was hitting only .074 Monday when the Orioles optioned him to Rochester of the International League.

The Orioles also snapped a five-game losing streak with a 4-1 victory over Montreal as Frank Robinson homered and Dave McNally scattered 10 hits in becoming the first Baltimore hurler to go nine innings.

Oakland's Reggie Jackson crashed two homers and drove in four runs and San Diego's Nate Colbert also socked a pair for five RBI as the A's trimmed the Padres 9-6.

Milwaukee broke a tie with six runs in the eighth inning against California relievers Gene Brabender, Ray Jarvis and Dave LaRoche for a 7-1 triumph. The uprising included six walks, Dave May's bunt single, Bernie Smith's sacrifice fly and Rick Auerbach's two-run single.

Ken Holtzman pitched six strong innings as the Chicago Cubs downed San Francisco 5-1. Stan Bahnsen went seven and Johnny Ellis hammered a key double in the New York Yankees' 3-1 win over Atlanta.

The Detroit Tigers got seven innings from Joe Niekro and a home run from Jim Northrup in beating Kansas City 7-5. But first baseman Norm Cash sprained his ankle chasing a foul pop.

Julian Javier tripled and scored in the first inning and doubled and scored in the third as the St. Louis Cardinals edged Minnesota 3-2. And rookie shortstop Frank Duffy won a place on Cincinnati's roster—manager Sparky Anderson said so—with two singles and

Tuesday, March 30, 1971 two RBI in a 5-2 decision over Philadelphia. Duffy is hitting .369.

# Little Man Sparks Bucks to Victory

By BOB GREENE  
Associated Press Sports Writer  
MADISON, Wis. (AP) — "Little" Greg Smith apparently felt his job was on the line Monday night and the San Francisco Warriors took the brunt of his wrath.

The Milwaukee Bucks spent the afternoon picking big forwards in the National Basketball Association's college draft.

That night, Smith, a 6-foot-5 veteran from Western Kentucky, admittedly small for an NBA forward, sparked a Bucks spurt that catapulted Milwaukee into 104-90 victory and a 2-0 lead in the Western Conference semifinal playoffs.

San Francisco led 52-51 midway through the third quarter when Smith, a scrambler, uncovered his act. He came up with several rebounds, stole the ball repeatedly and scored seven of his 11 points in a seven minute stretch in which Milwaukee outscored the Warriors 21-8.

That made the score 72-60 going into the final period, and San Francisco never got back in the contest.

The three-year NBA player also sparkled on defense, holding the Warriors' Jerry Lucas to eight points. In regular-season play Lucas average 19.2 points a game.

Smith, however, was not the only star for the high-flying Bucks. Lew Alcindor scored a game-leading 26 points while Bob Dandridge, Milwaukee's "other" forward, added 21.

Alcindor played only 33 minutes, hobbled with fouls early in the game.

In other NBA playoff games tonight, Baltimore is at Philadelphia, New York travels to Atlanta, and Los Angeles is in Chicago.

All visiting teams hold 2-1 advantages in their respective series.

## S. Carolina Leaving Conference

COLUMBIA, S.C. (AP) — The University of South Carolina has announced it will be put out of the Atlantic Coast Conference effective late this summer, but officials at the school hope the separation will only be temporary.

"The University of South Carolina wants to continue participation in a conference," T. Eston Marchant, chairman of the USC Board of Trustees, told The Associated Press Monday after the formal withdrawal announcement.

"We'd like to stay in the

ACC," he added. "But that isn't possible right now."

Marchant said the board decided that "under the present circumstances, and in the best interest of all concerned" the university would submit its resignation effective Aug. 15.

The long-suspected pullout as the result of a continuing disagreement between USC and the ACC on recruiting standards for athletes. USC has favored the less rigid "1.6 grade rule" of the National Collegiate Athletic Association.

ACC Commissioner Bob James, who met with the USC athletic subcommittee Monday morning, said he was convinced that "what South Carolina did today (Monday) was with great reluctance."

"I was impressed by the sincerity of the board of trustees," James said.

## Notes From the Pro Golf Trail

By BOB GREENE  
Associated Press Golf Writer  
GREENSBORO, N.C. (AP) — Notes from the pro golf tournament trail:

Tony Jacklin of England won the 1970 U.S. Open, probably the most prestigious golf event in the world. But, as the U.S. Open champion, doesn't necessarily qualify for the Masters.

Oh, he'll play in Augusta, Ga., next week. And he'll even be recognized as the U.S. Open champ. But he's in by invitation only.

The situation came to light last week when South African Bobby Cole discovered he was not eligible. Cole finished in a tie for 12th in the 1970 U.S. Open.

He thought he was eligible under a published list of qualifications that includes:

"10. The first 16 players, including ties, in the 1970 U.S. Open championship."

But, a Masters official explained, that applies only to U.S. players.

So, following that reasoning, the item "2. U.S. Open champion" would apply only to U.S. players. Jacklin is not. Foreigners get in on invitation only, with the exception of Gary Player, a former Masters champion.

And how's this for an early-season oddity: the man leading the Vardon Trophy standings for the low stroke average hasn't yet finished a tournament.

Dave Marr posted rounds of 68 and 69 in the Phoenix Open, then withdrew because of illness. He hasn't played since, but leads the standings with a 68.5 stroke average.

## Would Extend Unemployment Benefits Time

WASHINGTON (AP) — An additional 13 weeks of unemployment benefits that would immediately aid 300,000 out-of-work Americans was proposed today by Sen. Birch Bayh, D-Ind.

Bayh says another one million unemployed people might be aided by the extension within the next two or three months.

Bayh proposed the added benefits as an amendment to a bill, sought urgently by the Nixon administration, extending the interest equalization tax.

This levy, which expires Wednesday, has been in effect since 1963 to cut outflows of American capital and help the U.S. international balance-of-payments position.

The tax is on sales of stocks and other securities by foreign borrowers in the United States.

Congress enacted legislation last year providing 13 weeks of extra jobless benefits in times of high unemployment, but it would not take effect until 1972.

The Bayh amendment would put this plan into effect immediately and provide full federal financing of the extended benefits. Under the 1970 act, the states would have paid half the cost.

The plan provides for up to 39 weeks of benefits. Most states now pay 26 weeks.

The extra payments would be triggered when the insured unemployment rate is at 4 per cent, which corresponds roughly to a national unemployment rate of 6 per cent. The insured rate has been over 4 per cent since last September.

## Says Clemency Asked by Rockefeller

LITTLE ROCK (AP) — J. B. Garrett, chairman of the state Board of Pardons and Paroles said Monday that before leaving office former Gov. Winthrop Rockefeller asked the board to review clemency requests for 24 prison inmates, including James Dean Walker.

Walker is serving a life sentence for the 1963 slaying of a North Little Rock policeman. Rockefeller announced Dec. 8 that he would not grant executive clemency for Walker, but later sent a memorandum to the board stating that he had insufficient information on the 24 persons, including Walker, and suggested that the board review the requests.

The North Little Rock Fraternal Order of Police had campaigned against clemency for Walker during hearings last November.

## Philippine Plane Is Hijacked

HONG KONG (AP) — Five young men hijacked a Philippine airliner to Communist China today, but the Reds were expected to send the plane and the 25 other persons aboard back quickly. It was believed to be the first airliner hijacked to Red China.

Four Americans were reported among the passengers flown to Canton, on the south China mainland, after five armed men diverted the twin-engine jet from a domestic flight in the Philippines.

An airline spokesman said the hijackers were all 17 to 25 years old, spoke a central Philippine dialect and told passengers they were seizing the BAC111 jetliner for "ideological reasons." One passenger said four of the hijackers were Filipinos and the fifth appeared to be Eurasian or Chinese.

Hong Kong airport officials said they expected Communist authorities to return the plane, passengers and five crew members "rather quickly—possibly even later today."

The plane was diverted about half an hour after taking off from Manila for Davao, on Mindanao Island. It first made a 90-minute stop for fuel in Hong Kong, and there 20 of the 45 passengers were released.

The airline and the U.S. Embassy in Manila said the four Americans were Mr. and Mrs. Russell E. Ebersole of Jersey City, N.J., George W. Drysdale of Waukegan, Ill., and Eldred Fewkes of Burley, Idaho.

The airline spokesman said four of the hijackers carried .22-caliber pistols and one a pair of scissors.

## Congressman Charged With Perjury Back

By LAWRENCE L. KNUTSON  
Associated Press Writer  
WASHINGTON (AP)—Congressional economists, decrying White House policy as incapable of meeting "overly optimistic" goals, are pushing their own economic recovery formula.

They want lower taxes, bare-bones defense spending, more public jobs, a national income floor, a price-wage policy and no revenue sharing.

Disagreeing with President Nixon on every significant point, the House-Senate Economic Committee said Monday all evidence indicates the economy will not reach the height of White House predictions, inflation will not recede and there will be no jump in employment.

Sen. William Proxmire, D-Wis., issuing the committee report, predicted the nation's Gross National Product will reach no higher than \$1.045 trillion by the end of the year, \$20 billion less than the President has said is needed.

The committee suggested an immediate increase in personal tax exemptions and reduction of personal income taxes, both of which are scheduled for next year.

Proxmire said those actions, along with delaying higher Social Security taxes until next January, would cut taxes more than \$7 billion this year, pumping an additional \$20 billion into the economy.

The committee said it sees no way present White House policies will produce enough economic stimulus to reach the administration's target GNP, stem inflation and reduce unemployment.

## U.S. to Defend Against the Survivor

CHARLOTTE (AP) — The United States will defend the Davis Cup, symbol of amateur tennis supremacy, in Charlotte Oct. 8-10 against the survivor of worldwide competition among some 60 nations.

John Ryan, president of the Carolina International Tennis Foundation, announced Monday that the Olde Providence Racquet and Swim Club which has a 6,000-seat stadium, was chosen for the challenge round. Cleveland, Phoenix, Las Vegas and Dallas also bid for the prestigious event.

The schedule calls for two singles matches the first day, doubles the following day, and two more singles the final day.

The United States defeated West Germany 5-0 in last year's challenge round in Cleveland.

## Legal Battle Over Rights to McDaniels

SALT LAKE CITY (AP) — The Utah Stars and Carolina Cougars of the American Basketball Association face a potential legal battle over who has rights to Western Kentucky standout Jim McDaniels, the Salt Lake Tribune reported today.

The Stars picked McDaniels during the opening round of the ABA player draft earlier this year, but later reports said they had traded their rights to seven-foot All American to the Cougars.

But the Tribune reported in today's editions that the Cougars obtained permission from ABA Commissioner Jack Dolph in advance of the player draft to negotiate with McDaniels in an attempt to sign him with the ABA.

The newspaper quoted an unnamed North Carolina source as saying Cougar officials felt it was important to get McDaniels into the league and that they were perhaps the only ABA team that could sign him.

**Carr Thinks Cavaliers Just Fine**  
CLEVELAND (AP) — Austin Carr, Notre Dame's All-American guard, says he doesn't "see any doubt" that he will play for the Cleveland Cavaliers in the National Basketball Association.

Carr became the first player chosen in the NBA college draft Monday when the Cavaliers, who had the first pick, selected him in the first round.

"I like Cleveland and I prefer playing in the NBA," Carr said Monday afternoon when contacted at Notre Dame.

His agent, Jerry Davis, a New York City lawyer, said he felt Carr and the Cavaliers could come to an agreement "in no longer than 10 days at the most."

"We felt we had to have someone of superstar status," said Cavalier Coach Bill Fitch, commenting on the selection of Carr.

Carr, a 6-foot-3, 200-pounder, averaged 34.5 points per game during his three-year varsity career and was the second highest scorer in the nation the last two seasons.

**Patterson Winner by Knockout**  
PHILADELPHIA (AP) — "I have a ways to go yet," said Floyd Patterson Monday night after his knockout victory over Roger Russell.

The 36-year-old former heavyweight champion, making a comeback this year after a two-year layoff, staged an athletic performance in stopping Russell on a ninth round technical. Using almost no defense against an opponent who had almost no offense, Patterson slammed in body blows and overhand rights to beat the Philadelphian numb.

When the referee stopped the fight at 1:29 in the ninth of a scheduled ten rounder, the capacity crowd of 6,000 cheered for Patterson. But in his dressing room, he was self-critical.

"I was stiff. I was over eager. I think I have to get the feel of the ring," he said.

Though far more aggressive than his 23-year-old opponent, Patterson was often wild. He slipped twice, once carrying

**Tigers Moved Fast to Get Bill Zepp**  
LAKELAND, Fla. (AP) — It seemed only a matter of time before the Minnesota Twins would trade unhappy hurler Bill Zepp to his hometown Detroit Tigers.

Saturday Tiger pitcher Joe Coleman was hit in the head with a line drive and suddenly the "matter of time" on the Zepp trade changed to "let's move fast."

The Tigers announced Monday they have acquired Zepp in exchange for rookie infielder Mike Adams and a player to be named later.

Meanwhile, it appeared certain Detroit would receive New York Mets pitcher Dean Chance within the next few

days if he clears National League waivers.

Zepp, a University of Michigan graduate, is a 23-year-old righthander who refused to sign a 1971 contract with Minnesota and said he wanted to be traded to Detroit. Chance is a 29-year-old righthander plagued in recent years by arm trouble.

"Coming here where he wants to play might make him a better pitcher," said Tiger Manager Billy Martin. "I don't know but I hope so."

## 'Gorgeous' Winner of Spa Feature

HOT SPRINGS, Ark. (AP) — She Is Gorgeous, owned by T. A. Morrison, took the lead in the final 16th to win the \$8,500 feature race at Oaklawn Park Monday.

The running time for the six furlongs was 1:12 2-5.

She Is Gorgeous, ridden by Steve Richie, paid \$3.80, \$3 and \$2.60. The filly accounted for Richie's third victory of the day.

Running Beauty, owned by Robert Lehmann, was second to pay \$6.60 and \$4.20 and Buckeye finished third and returned \$4.20.

Richie allowed his mount to lay off the pace slightly for the first half of the race as the field of eight other fillies turned on the speed. She Is Gorgeous, however, stayed within striking distance of the two pace setters, Distant U and For Ann.

Rounding the turn, She Is Gorgeous was fourth, getting ready for her drive to the front.

Distant U, ridden by Bill Fleming, began tiring in the final 16th and Dora Ann was there to take over the lead. She Is Gorgeous shot to the front of the pack in the final strides to be first.

Running Beauty finally outdistanced Dora Ann in the final seconds. Dora Ann faded to fifth and fast-closing Buckeye held off Carshido by a length to be third.

The daily double combination of Try My Way with Emedes Hinojosa aboard in the first, and So Barbizon, ridden by Danny Whited in the second, numbers two and one, paid \$171.40.

The crowd of 11,559 wagered \$946,106.

Lapel Dutchess, under 116 pounds and jockey Lonnie Ray, heads a field of six three-year-old fillies in today's \$7,500 feature allowance race.

The others to go the six furlongs include Kentucky Flipper (116), Artsy Crafts (116), Joyful Sis (108), Handy Quest (116) and Pretty Note (119).

**Esposito Has Nearly Clinched Scoring Title**  
NEW YORK (AP) — Phil Esposito's record-busting 69 goals and 74 assists have just about clinched the National Hockey League scoring crown for the Boston superstar, who holds a 10-point bulge on teammate Bobby Orr.

But there's another scoring race that much closer as the NHL regular season steams into its final week. That's the one between three fine rookies—Buffalo's Gil Perreault, Detroit's Tom Webster and Judd Drouin of Minnesota.

All three first year men have topped the former point record for rookies of 65 set by Minnesota's Danny Grant in 1968-69. Perreault and Drouin are tied for 18th place in the scoring with 67 points each, one more than Webster.

Perreault has been the best scorer of the trio with a record-breaking 36 goals.

partner. Why hadn't North bid one no-trump instead of raising hearts? Three no-trump wouldn't depend on any finesses. North could be sure of one spade, six hearts and the minor suit aces.

South had a bad case. North may have made three no-trump, but a club lead would hold him to eight tricks, while four hearts was unbeatable with proper play. It was fine to draw trumps and attack diamonds but when East led the spade six, South should have played his king. This would have paralyzed the defense. West could take his ace and set up his 10 but when East got in with the second diamond he wouldn't be able to lead a spade to his partner.

Remember the advice to the young lawyer, "If you have a good case try it on merits; if you have a bad case try anything you can think of."

South won the club opening, drew trumps with two leads, led the 10 of diamonds and let it ride. East won with the jack and played the six of spades. South played low and West stuck in the 10.

South won with dummy's queen, ruffed a club to get back to his hand and led the eight of diamonds for a second finesse. East grabbed the trick with his king and led his last spade. West took two spade tricks and South had lost his contract.

South was valuable in his protests. He lost two diamond finesses. Other players never lost any, much less two.

South finally blamed his

**Ali Believes Folks Like Him Better**  
DETROIT (AP) — Muhammad Ali says his defeat by Joe Frazier in their multimillion dollar heavyweight boxing championship March 8 "seems to have made me more popular."

The controversial former heavyweight champ, in Detroit for a charity variety show Monday night, said "the people" believe he really won that fight and that "this is why I'm still on top."

"They're the judge... I'm still the champ as far as they're concerned," he said.

Ali, who said he'll gross \$477,000 from the loss after taxes and expenses, expects a rematch to be held in California and that he will win convincingly then retire "to spread the Muslim faith."

He still stresses the "I was robbed" approach, complaining that if the fight was judged on a point rather than round system he would have won.

woman who attempted to rob the Walnut Ridge bank before she could get away.

At Helena, officers said one of the men stayed in the getaway car, while the other, described in his early 20s and weighing about 135 pounds, gathered the cash.

Police said the man, brandishing a snub-nosed revolver, leaped over the teller's counter and took the money after he made two women employees lie down on the floor.

Police at Walnut Ridge said a 19-year-old woman entered the Citizens National Bank about 2:45 armed with a .22-caliber pistol.

She told bank President Larry Sloan that she wanted \$2,500 and "this is the only way I know how to get it."

A bank employee, Ray Smith, tripped a silent alarm, which alerted police. Chief of Police Wayne Williams and Patrolman Larry King arrived at the bank while the woman was still inside.

King said he entered the rear door, leveled his service revolver at the would-be robber and

MOSCOW (AP) — Soviet foreign policy aims to preserve existing Communist states, promote national liberation movements, aid the Third World and offer peaceful coexistence to Russia's rivals, the head of the

told her she was under arrest. She offered no resistance, King said.

King, 22, who has been a policeman for only two weeks, said the woman was "very nervous."

Williams said the woman had not been charged, pending completion of the investigation by local officers and agents of the FBI. The woman's 55-year-old mother, who was waiting in a car about a half block from the bank was also arrested and was also being held, Williams said.

Soviet Communist party declared today.

General Secretary Leonid I. Brezhnev also coupled a resolve to "rebuff the aggressive forces of imperialism" with a pledge to "safeguard mankind from another world war."

Brezhnev outlined these objectives in a keynote address opening the 24th Congress of the Soviet Communist party, a gathering of the ruling party's representatives to review the past, set future goals and select the party's leaders.

No major changes were expected to be submitted to the 4,943 delegates meeting in the Kremlin's Palace of Congresses. The Congress is expected to last about 10 days.

To thunderous applause, Brezhnev declared that North Vietnam "may be sure that in its armed struggle and its peaceful endeavor, it can rely on the Soviet Union's fraternal support."

He told the Congress that "in the last 18 months, as a result of the initiative displayed on our part, there have been signs of some normalization in rela-

tions" between the Soviet Union and Communist China. But he said "the anti-Soviet line in China's propaganda and policy is being continued," and "we resolutely reject the slanderous inventions concerning the policy of our party and our state which are being spread from Peking."

Despite this, Brezhnev said, the Soviet Union is "prepared in every way to help not only to normalize relations but to restore good neighborliness and friendship between the Soviet Union and the People's Republic of China."

He defended the 1968 invasion of Czechoslovakia, contending that "anti-Socialist forces" were at work in Prague aided by "counterrevolutionary forces outside the country."

The Congress brings together delegates from throughout the vast Soviet Union, many of them representing Asian ethnic minorities. But their "yes" votes are automatic reflexes supporting policies that have been worked out by a few hundred political and economic professionals in Moscow.

Qualifications for today's modern pharmacist call for five years of studies at an accredited college, plus a year of practical experience after graduation.

A pharmaceutical firm reportedly has developed a 20-second pregnancy test for use in doctors' offices. Among its advantages is that it gives the possible mother-to-be some added time to knit little things.

Years before tranquilizers were first introduced, the famous Canadian physician Sir William Osler wrote, "The desire to take medicine is perhaps the greatest feature which distinguishes man from animals."

A panel of medical experts in Great Britain predicts that by 1990, 70 per cent of cancers will be controllable.

A dozen Nobel Prizes in medicine or chemistry have gone in recent years to researchers associated with drug manufacturers.
